International Students

The College is a signatory to the Code of Practice for International Students and takes the welfare and education of our students very seriously. We have had many years experience hosting International Students from all over the world. The number of International Students is small which enables students to be readily integrated into College life. Currently our International Students represent 10 different countries and regions.

Accommodation

International Students have the choice of boarding or homestay. Boarding is, for many, the preferred option as it enables students to concentrate on their studies and speak more English. However, we are able to assist with homestays if required.

English Class

We have two fully qualified ESOL teachers who teach small groups, enabling them to give the students plenty of individual attention.

Medical and Travel Insurance

All students must have full medical and travel insurance. Sacred Heart College can assist with the purchase of this if required.
